24 April 2003

Army Corps of Engineers

To Whom It May Concern:

For more than seven years our company has known Spencer Defty and Diamond D. On numerous occasions we have rented and sold equipment to his firm. It has been a pleasure to watch his company expand in a conservative growth cycle.

It seems to me that Mr. Defty has the qualities and standards to continue to grow his company in the years to come. His prompt payment of invoices and general business demeanor is of the highest standards.

I can recommend Diamond D without reservation as to character and ability. We look forward to continued business dealings in the future.

Sincerely,
MHS Corporation

E. Craig Hobday
President
