LETTER OF RECOMMENDATION

For Mr. Spencer Defty and Diamond D General Engineering

To whom it may concern:

I have known Spencer Defty of Diamond D General Engineering for over ten years. We have worked together on a number of projects, and we have bid together on many more.

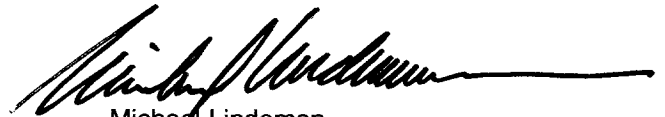

Based on fifty years of experience in the construction industry, I can say without reservation that he is one of the most well-organized, conscientious, honest and hard-working contractors I have ever met. His jobs run on schedule, he adheres to the specifications, he pays his bills and he gets the job done with a minimum of wasted effort. More important, he puts safety first. Recklessness, carelessness and unsafe practices are not allowed.

Without exception, we give Diamond D more competitive prices than their counterparts because we can depend on them to have excellent equipment and operators. In fact, we can work for Diamond D for 10% less than any other contractor -- and make 10% more profit in the process, thanks to their efficiency, flexibility and common sense.

Spencer's ability is exceeded only by his integrity. Like the contractors of old -- Gordon H. Ball, Jeff Kasler, Al Vercruyssen, Dick Solari -- his word is his bond. There is no higher recommendation than that.

We look forward to working with Spencer and his crew in the future.

very truly yours,

Michael Lindeman
President
