Subject: Diamond D Engineering Incorporated Letter of Appreciation

This letter is to recognize Diamond D Engineering Inc. for the exceptional work they completed, to enhance visitor facilities at Lake Berryessa. Working with Diamond D has been an effortless responsibility. They met all work schedule deadlines and showed efficiency on all projects accomplished for the Reclamation's Lake Berryessa Recreation Resources Office.

Throughout each project Diamond D continued to have great communication with Reclamation staff, positive attitudes and remained responsive to all Reclamation's suggestions and demands. Reclamation did not have any concerns about safety during any of Diamond D's contracts and Reclamation has been extremely pleased with the quality of the work completed.

In addition, Reclamation was impressed with Diamond D's safety conscious approach and cleanliness on all jobsites, both during construction and after the projects were completed. On several separate occasions Diamond D took it upon themselves to remove unwanted debris left by other contractors on a joint jobsite. On behalf of Reclamation, Lake Berryessa Recreation Resources Office, I have enjoyed working with Diamond D and look forward to working together on future projects.

Sincerely,

Melissa A Brockman  
Natural Resources Specialist
